RELEVANT INFORMATION

Bogotá, May 4, 2020. Grupo Aval Acciones y Valores S.A. (“Grupo Aval” or the “Company”) announces that, pursuant to the measures adopted with respect to the health and social emergency caused by the Coronavirus (COVID-19) outbreak in our country and the mobility restrictions decreed by the National Government, it has implemented action plans to allow its operation through the activation of business continuity policies.

For this purpose, Grupo Aval identified key positions and processes and strengthened critical resources and controls to ensure their operation. Using technological tools, the Company has implemented a work from home policy, allowing the majority of its employees to carry out their functions from their homes during regular business hours. Similarly, in those cases in which it has been necessary to have the physical presence of employees at Grupo Aval’s facilities, the recommendations and protocols issued by the National Government have been followed to prevent the risk of infection.

With the aforementioned measures, the Company has currently managed to continue to carry out its operations, protect the health of its employees and promptly fulfill its obligations, including paying financial obligations, paying suppliers, paying dividends, keeping investors informed, complying with reporting duties and addressing requirements issued by authorities.

Notwithstanding the foregoing, we continue to monitor different processes in order to timely identify situations that could affect the health of employees or impact the operation and results of the Company.
