

Disclaimer

Grupo Aval is an issuer in Colombia of securities registered with the National Registry of Shares and Issuers (Registro Nacional de Valores y Emisores), and in this capacity, it is subject to oversight by the Superintendency of Finance. Grupo Aval is a not a financial institution and is not supervised or regulated as a financial institution in Colombia. Grupo Aval is required to comply with corporate governance and periodic reporting requirements to which all issuers are subject, but it is not regulated as a financial institution or as a holding company of banking subsidiaries and, thus, is not required to comply with capital adequacy regulations applicable to banks and other financial institutions. All of our banking subsidiaries (Banco de Bogotá, Banco de Occidente, Banco Popular, Banco AV Villas, and their respective Colombian financial subsidiaries, including Porvenir and Corficolombiana) are entities under the comprehensive supervision of, and subject to inspection and surveillance as financial institutions by, the Superintendency of Finance.

Our consolidated financial statements at December 31, 2011, 2010, 2009, 2008 and 2007 and for each of the years ended December 31, 2011, 2010, 2009, 2008 and 2007 have been audited, as stated in the report appearing in our 20F filings. Our consolidated financial statements at December 31, 2012 and for the year ended December 31, 2012 presented herein are unaudited. Audited financial statements at December 31, 2012 and for the year ended December 31, 2012 will appear in our 20F filing on April, 2013.

We have prepared these financial statements and other financial data included herein in accordance with the regulations of the Superintendency of Finance for financial institutions (Resolution 3600 of 1988 and External Circular 100 of 1995) and, on issues not addressed by these regulations, generally accepted accounting principles prescribed by the Superintendency of Finance for banks to operate in Colombia, consistently applied, together with such regulations, on the filing date, "Colombian Banking GAAP." Detail of the calculations of non-GAAP measures such as ROAA and ROAE, among others, are explained when required in this report.

Although we are not a financial institution, we present our consolidated financial statements under Colombian Banking GAAP in this report because we believe that presentation on that basis most appropriately reflects our activities as a holding company of a group of banks and other financial institutions. The audited consolidated financial statements have not been reviewed or approved by the Superintendency of Finance; however, consolidated financial statements for each semester, prepared on the basis of Colombian Banking GAAP for each of our subsidiaries are remitted to the Superintendency of Finance for their review. The Colombian Banking GAAP consolidated financial statements included in this annual report differ from the consolidated financial statements published by Grupo Aval in Colombia, which are prepared under Colombian GAAP. Because we are not regulated as a financial institution in Colombia, we are required to prepare our consolidated financial statements for publication in Colombia under Colombian GAAP for companies other than financial institutions (Decree 2649 of 1993 and Circular No. 100-000006 of the Superintendency of Companies (Superintendencia de Sociedades) and former Superintendency of Securities (Superintendencia de Valores), currently the Superintendency of Finance) No. 011 of 2005, which differs in certain respects from Colombian Banking GAAP. These Colombian GAAP financial statements are presented biannually to our shareholders for approval, are reviewed and published by the Superintendency of Finance and are available in Spanish to the general public on Grupo Aval's web page. We do not file consolidated financial statements prepared on the basis of Colombian Banking GAAP with the Superintendency of Finance; however, because we have filed 20F annual reports with the SEC, we may from time to time publish semi-annual or quarterly financial data for subsequent periods on a Colombian Banking GAAP basis. Our Colombian Banking GAAP financial statements will be available on Grupo Aval's webpag

Colombian Banking GAAP differs in certain significant respects from generally accepted accounting principles in the United States, or U.S. GAAP. Our yearly audited consolidated financial statements included in our 20F reports filed to the SEC provide a description of the principal differences between Colombian Banking GAAP and U.S. GAAP as they relate to our audited consolidated financial statements and provides a reconciliation of net income and shareholders' equity for the years and at the dates indicated therein. Unless otherwise indicated, all financial information of our company included in this report is stated on a consolidated basis prepared under Colombian Banking GAAP.

When applicable, in this report we refer to billions as thousands of millions.

Grupo Aval Key Financial Results of 2012

1. Colombian economy's fundamentals have performed well despite the challenging global macroeconomic environment

- a. Colombian financial system continues to show strong growth and adequately capitalized institutions.
- b. There is still significant room for credit expansion in the country.

2. Grupo Aval exhibited strong growth maintaining a healthy balance sheet structure

- a. Assets grew at 14.5%, loans at 14.6%, and deposits at 14.7%. Shareholder's Equity grew by 11.3% to Ps 9,083.1 billion (Ps. 489.6/ share as of December 31, 2012).
- b. Quality of loans remained strong showing a 30 days PDL ratio of 2.3% at December 31, 2012 versus 2.2% at December 31, 2011.
- c. Deposits grew at a similar pace than Loans. The ratio of Deposits to Gross Loans remained unchanged at 102% for the year ended December 31, 2012 versus the year ended December 31, 2011.

3. Net Income attributable to Grupo Aval's shareholders increased by 18.2% for the year ended December 31, 2012 to Ps 1,526.4 billion (Ps. 82.3/ share)

- a. ROAA for the year 2012 was 2.1% versus 2.3% in 2011.
- b. ROAE for the year 2012 was 17.7% versus 20.3% in 2011.
- c. Net Interest Margin remained stable at 6.5% for the year ended December 31, 2012.
- d. The efficiency ratio improved from 52.7% for the year ended December 31, 2011 to 51.3% for the year ended December 31, 2012.

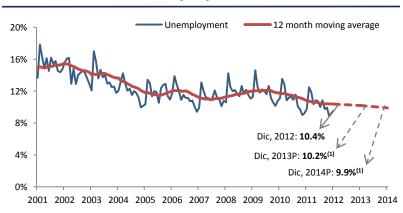

The Colombian Economy continued to show strong growth and favorable macroeconomic fundamentals during 2012
