

Retirement Statement

BioCarbon Cert - GHG

1. Purpose of this Statement

This Retirement Statement (the “Statement”) is issued for the purpose of formally confirming the permanent retirement of units previously issued under the applicable BioCarbon Program.

This Statement constitutes a registry record confirming that the retired units have been permanently and irreversibly removed from circulation and may no longer be transferred, traded, or used for any other purpose, in accordance with the applicable Program rules and registry procedures.

2. Basis for Retirement

This Statement is issued on the basis that:

- a) The units subject to this Statement were validly issued under the applicable BioCarbon Program, following a completed and positive certification process;
- b) Each unit is uniquely identified by a serial number and has been recorded in the BioCarbon Registry System;
- c) A valid retirement request was submitted by the authorized Account Holder in accordance with the applicable BioCarbon Program rules and BioCarbon Registry System procedures;
- d) The retirement has been executed in compliance with all applicable transparency, traceability, and integrity requirements.

3. Act of Retirement and Registry Confirmation

On the basis of the above, BioCarbon Cert, acting through its authorized registry administrator, hereby confirms that the units described in this Statement have been permanently retired in the BioCarbon Registry System.

The retirement recorded herein is final and irreversible. For the avoidance of doubt, this Retirement Statement applies exclusively to the retirement of the specific units, serial numbers, and certified period expressly identified herein, and does not apply to any other units, vintages, monitoring or reporting periods, issuance events, or future retirement requests associated with the same activity, initiative, or project, each of which shall require a separate retirement request and a separate Retirement Statement.

4. Units Retired

The total number of units permanently retired under this Statement is:

734 Units

These units correspond exclusively to the serial numbers listed below and to the certified period indicated in Section 5.
