Corporate Presentation

September 2019

Grupo Aval Acciones y Valores S.A. ("Grupo Aval") is an issuer of securities in Colombia and in the United States, registered with Colombia's National Registry of Shares and Issuers (Registro Nacional de Valores y Emisores) and the United States Securities and Exchange Commission ("SEC"). As such, it is subject to compliance with securities regulation in Colombia and applicable U.S. securities regulation.

All of our banking subsidiaries (Banco de Bogotá, Banco de Occidente, Banco Popular and Banco AV Villas), Porvenir and Corficolombiana, are subject to inspection and supervision as financial institutions by the Superintendency of Finance. Grupo Aval is now also subject to the inspection and supervision of the Superintendency of Finance as a result of Law 1870 of 2017, also known as Law of Financial Conglomerates, which came in effect on February 6, 2019. Grupo Aval, as the holding company of its financial conglomerate is responsible for the compliance with capital adequacy requirements, corporate governance standards, risk management and internal control and criteria for identifying, managing and revealing conflicts of interest, applicable to its financial conglomerate.

The consolidated financial information included in this document is presented in accordance with IFRS as currently issued by the IASB. Details of the calculations of non-GAAP measures such as ROAA and ROAE, among others, are explained when required in this report.

Grupo Aval has adopted IFRS 16 retrospectively from January 1, 2019 but has not restated comparatives for the 2018 reporting period, as permitted under the specific transitional provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognized in the opening Condensed Consolidated Statement of Financial Position on January 1, 2019. Consequently, quarterly results for 2019 are not fully comparable to previous periods.

IFRS 16 introduced a single, on-balance sheet accounting model for lessees. As a result, Grupo Aval, as a lessee, has recognized right-of-use assets representing its rights to use the underlying assets and lease liabilities representing its obligation to make lease payments. Lessor accounting remains similar to previous accounting policies. Assets and liabilities arising from a lease are initially measured on a present value basis. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be determined, or the group's incremental borrowing rate.

This report includes forward-looking statements. In some cases, you can identify these forward-looking statements by words such as "may," "will," "should," "expects," "plans," "anticipates," "believes," "estimates," "predicts," "potential," or "continue," or the negative of these and other comparable words. Actual results and events may differ materially from those anticipated herein as a consequence of changes in general, economic and business conditions, changes in interest and currency rates and other risk described from time to time in our filings with the Registro Nacional de Valores y Emisores and the SEC.

Recipients of this document are responsible for the assessment and use of the information provided herein. Matters described in this presentation and our knowledge of them may change extensively and materially over time but we expressly disclaim any obligation to review, update or correct the information provided in this report, including any forward looking statements, and do not intend to provide any update for such material developments prior to our next earnings report.

The content of this document and the figures included herein are intended to provide a summary of the subjects discussed rather than a comprehensive description.

When applicable, in this document we refer to billions as thousands of millions.
